### **Biography**

Gail is an intuitive and healer, having been born with the gift of psychic sight. Although Gail was unaware of the depth of her skills until later in her life, her psychic skills assisted her throughout her life. She often knew things before they happened and used those skills in her business and personal life. People gravitated to her for advice and counsel from an early age and her intuitive abilities assisted her in providing advice. She worked for 32 years in a left-brain environment as a legal administrator in a Fortune 500 insurance company and retired in 2007. She began her journey in the intuitive/spiritual world in 1998. She was mentored by a gifted psychic who guided her in her spiritual path. She received further advanced training in metaphysical subjects with the focus on the practical application of intuitive skills from educators at Edgar Cayce's Association for Research and Enlightenment (A.R.E.). She became an A.R.E. Wayshower in 2008. Her primary psychic skills are clairvoyance (clear seeing) and clairsentience (clear sensing). In addition she uses psychometry to obtain information for her clients.

As Gail was drawn to a healing modality in order to help people, she became a Reiki practitioner. She obtained her Reiki Master/Teacher certificate in 2008. Her intuitive skills assist her in the practice of Reiki and, in many Reiki sessions, spirit also provides her with messages for the client.

Gail feels her journey has taken her full circle. It is now her time to give back to others by leading the way and assisting them in their spiritual and intuitive development, as well as to assist in their personal well-being.
